

# FREE BRAIN HEALTH SCREENINGS

**Because memories should last forever.**

**Tuesday, March 4, 2025  
10:00 AM - 2:00 PM**

***Medicare recommends people over the age of 60 to get a brain health screening every year.***

## **Why get a brain health screening?**

Early diagnosis of dementia allows individuals to better prepare for their future care, make treatment and end of life decisions, and establish legal and financial plans while cognitively capable.

## **How long does it take and when will I receive the results?**

A brain health screening consists of a 30-minute personal interview. You will have the results right away and discuss them with our Certified Dementia Practitioner.

**Program made possible by funding from the Bergen County Division of Senior Services**

**Fair Lawn Senior Center**  
11-05 Gardiner Road  
Fair Lawn, NJ 07410
